

Managing Food Allergies in the Early Care Setting (FARE)

LEARNING OBJECTIVES

- Providers will know the importance of having written plans for children with food allergies
- Providers will be able to reduce exposure to allergens in the child care setting
- Providers will know the importance of educating and training all staff on food allergy emergency protocols
- Providers will have a better understanding of the laws that require accommodations and inclusion for children with food allergies, dietary restrictions, and other special healthcare needs

This training is one of the Essential Trainings developed or identified by IdahoSTARS to meet our goal of improving child care through professional development. The Essential Trainings are embedded in Steps to Quality, Idaho's Quality Rating and Improvement System and introduce the basics of child development, health & safety, relationships with families & communities, and supporting children with diverse abilities. Think of this training and all Essential Trainings as introductions to a broad subject. You can explore other IdahoSTARS trainings to deepen your knowledge. Scholarships are available through IdahoSTARS to support your ongoing education
