Accessible, High-Quality Trainings

- 24/7 availability: online and on demand
- Trainings can be previewed in advance with no cost obligation
- Go to extension.psu.edu/programs/betterkidcare, click [On Demand Web Lessons](#) and create a free account. Then click on the training title and follow the instructions—it's that easy!
- Pay per module as you go (\$5 per 2-hour module)
- Professional development certificates available upon completion
- Submit certificates through RISE or to the IdahoSTARS Training Office for training hours

Better Kid Care provides evidence-informed professional development to early education and youth development professionals to improve the quality of their practices. Online training is available with more than 200 relevant modules. Better Kid Care translates research-based information into online child care training modules for early childhood and school-age practitioners in diverse curriculum areas.

Training Tracks Available:

- CDA
- School-Age Professionals
- Family Child Care Professionals
- Center Director Series
