

# Step 3 Essential Trainings

## *Introduction to Idaho's Early Learning eGuidelines*

### Checklist of Practice

Always	Sometimes	Not Yet	Caregiver Strategies: What they look like in practice
			1. Provide caregiver strategies to families as a resource to support their questions about their child's development.
			2. Identify goals for classroom routines and activities using the Idaho Early Learning eGuidelines as a resource.
			3. Identify and use age appropriate caregiver strategies from the Idaho Early Learning eGuidelines to support the learning and development of the children in your care.
			4. Use the Idaho Early Learning eGuidelines to identify and describe what children are doing during classroom observations.
			5. Outline age appropriate expectations for classroom staff.
			6. Use the <a href="#">Idaho Early Learning eGuidelines Developmental Growth Matrix</a> to review developmental goals for the age range(s) you work with.
			7. Use the <a href="#">Idaho Early Learning eGuidelines: In the Preschool Classroom</a> to plan and create a classroom environment that supports learning and development.
			8. Use <a href="#">Caring for Idaho's Infants and Toddlers</a> to identify strategies that support children's development during daily routines.
